Allowable Subject Matter

Claims 1-12 and 25-29 respectively renumbered as 1-17 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record, Yamauchi et al in view of Watanabe et al in view of Tooms et al, discloses a system wherein memory cards are placed in insertion holes and a judging means determines if the memory card is inserted and if it a recordable medium (Yamauchi et al Figure 60 and 62); however, fails to teach, disclose or fairly suggest:

“an insertion hole into which is inserted a first memory card being a copyright-protected memory card enable to store both copyright protected contents and copyright unprotected contents and a second memory card being a copyright-unprotected memory card, capable of only storing copyright unprotected contents.”

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
